

WORKSHOP ON THEATER PRACTICE

- October 29, 2021

A workshop was conducted on Theater Practice. The chief guest of our programme was Hazim Amaravila (assistant professor in visual and performing arts),currently working in KUCTE Anchal. It was organized by our arts teacher Divya Chandran. The session was an interesting one. He engaged us with so many mind relaxing games. We often felt relaxed from our stresses.

Inorder to make us engaged into the session, first of all he asked us to free our minds and be relaxed. He asked us to form a big circle, then made us to do certain activities to check our observation skills. Next was an interesting game which add on more interesting. He made us a groups of two. One should act as a vehicle and the other as it's driver. The eyes of the vehicle should be closed. And start driving. It was really a special feeling. Finally he talked about theatre practices. Various types of dramas, characters and famous dramatists etc. He recommended some interesting dramas for us to read. And session ended in a beautiful way. We all enjoyed the class and games followed.
